

PLAY THIS WAY

presented by **PLAYBALL**

The programme that creates a **LEARNING ENVIRONMENT** for the **young child** from **3 up to 35 months**

MOVEMENT IS THE KEY!

Moving about and interacting with the environment is one of the primary means by which infants develop cognitively.

PLAY THIS WAY is a scientifically designed programme:

- focused on providing infants and toddlers from **3 up to 35 months**
- the full range of **age appropriate movement** experience
- which will not only further **all aspects of development**,
- but will also provide a springboard for **all aspects of learning!**

We teach:

- All aspects of movement i.e. stability, locomotion and manipulation according to age appropriate milestones and scientific norms

We actively assist children to develop:

- Sensory aspects i.e. auditory, visual and tactile
- Language, socialization and communication
- Learning of concepts/cognitive aspects

With PLAY THIS WAY everyone wins!

- Children develop and learn
- Parents and teachers are informed about how to maximize development through movement
- PLAY THIS WAY: building a STRONG FOUNDATION**
